ENVIRONMENTAL STEWARDSHIP

Mock Diplomas and the

Commencement Program Booklet

Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 10% post-consumer recycled content. The Commencement program booklet is 10% post-consumer recycled content.

Caps and Gowns

Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

Recycle Your Cap and Gown

Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at bespartangreen.msu.edu

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

May 2023

Interim President

CONGRATULATORY LETTER

DEAR SPARTAN GRADUATES:

Your moment has arrived, and I am thrilled to congratulate you as we gather to celebrate your degree from Michigan State University. With the class of 2023, today you join the ranks of more than half a million degreed Spartans who are making a difference across the state, the nation and the world.

Like them, you have traveled familiar pathways and made cherished memories, surely including at our iconic Beaumont Tower. As a frequent passerby there, I often draw inspiration from the carved images above the tower entrance. There, a pastoral figure sows the seeds of future harvests while an owl signifies ascending wisdom and vision. The tower's asymmetrical corner peaks might be seen to represent the diversity of our community as each of us reaches high, as you have done to arrive at this destination.

Your academic and personal journeys reflect exceptional dedication as well as accomplishment. Your perseverance has been an inspiration.

I hope you pause to reflect on the guidance and support you have received from MSU's dedicated faculty and staff as well as your families and friends along the way. You will have many opportunities in the years ahead to likewise support others and to remain connected with the university through activities with other alums. Engaging with the society we share and guiding others who follow behind you is the Spartan way. Go Green!

My best,

Teresa K. Woodruff, Ph.D. (she/her/hers)
Interim President
MSU Research Foundation Professor
Michigan State University

May 2023

Interim Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES:

Members of the class of 2023, I am pleased to offer my congratulations as you celebrate your graduation from Michigan State University.

You have successfully completed the journey through your degree program to arrive at this capstone moment. Your accomplishments are a source of great pride for all of us who comprise the university's leadership, faculty, academic staff, and staff, whose shared mission is to support your success.

The value of your MSU degree will continue to be an asset that serves you well throughout your career, in whatever direction it takes you. You can be confident in your qualifications and capabilities to move from here to the next chapter of your life. Your many and diverse MSU experiences will provide valuable insights for a lifetime, along with cherished memories and enduring friendships.

During your studies, you overcame a lengthy period of constraints stemming from the pandemic, as well as other challenges we navigated together as a community. We hope the resilience you have built becomes a strength of character you carry with you long into the future.

While your graduation signals a departure from one stage of your connection with MSU, it also marks the beginning of another. You now join a much larger family of Spartans, and I encourage you to stay engaged with the life of the university while you move through the next exciting chapters of your life.

As you and your families celebrate your success at MSU, I wish you the very best in your personal and professional pursuits.

Sincerely,

Thomas D. Jeitschko, Ph.D.
Interim Provost and Executive Vice President
for Academic Affairs
Michigan State University

May 2023

Executive Vice President for Health Sciences

CONGRATULATORY LETTER

DEAR FRIENDS:

Resilience is the key to finishing. And Spartans, today you have achieved a great success.

The world looked different when you first stepped onto campus. It quickly and abruptly changed, as did your expectations of a traditional college experience. You underwent a major transformation and had to discover more about yourself, including how you learn, connect with others and endure in the face of adversity.

In making it to today, you dug deep when you felt you had little left to give, especially in the face of loss and tragedy. You kept the faith in the presence of enormous obstacles. Take a moment and realize the magnitude of what today represents for you and our entire community.

Through dark times, you have been the light. With an empathetic heart you have shown that you are prepared and committed to serving others. There will be other times where the challenges seem insurmountable. Have faith in your strength and the light you bring to the world as you take that first step of your next journey.

To our graduate's families and friends, thank you for encouraging them to persist and for being here with them to celebrate.

To our faculty and staff, please accept my gratitude for all your work and support, and for going above and beyond to help provide our students with the best educational experience possible—and the emotional support they needed.

Graduates, enjoy the day so tomorrow you continue making a difference in the lives of others by providing hope and healing to those who need it most.

Know that we are always here and that together, everything is possible.

Peace and Grace to All,

Norman J. Beauchamp, MD MHS
Executive Vice President for Health Sciences
Michigan State University

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014–15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU–U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the

U.S.–China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

LAND ACKNOWLEDGEMENT FOR MICHIGAN STATE UNIVERSITY

Michigan State University occupies the ancestral, traditional and contemporary lands of the Anishinaabeg - Three Fires Confederacy of Ojibwe, Odawa and Potawatomi peoples. In particular, the university resides on land ceded in the 1819 Treaty of Saginaw. We recognize Michigan's 12 federally recognized Native Nations, historic Indigenous communities in Michigan, Indigenous individuals and communities who live here now, and those who were forcibly removed from their homelands. In offering this land acknowledgement, we affirm Indigenous sovereignty, history and experiences.

CEREMONY LYRICS

THE STAR SPANGLED BANNER

O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*

M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.

When from these scenes we wander,
and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**

On the banks of the Red Cedar,
is a school that's known to all;
Its specialty is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925–1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

LISA COOK

You are a highly accomplished and inspiring economic professional who has committed her life to advancing research related to economic growth, innovation, the rule of law, personal security and action to support and expand the field.

Your educational achievements include a Bachelor of Arts degree in Philosophy from Spelman College; a Bachelor of Arts degree as a Marshall Scholar in Philosophy, Politics, and Economics from Oxford University; and a Doctor of Philosophy degree in Economics from the University of California, Berkeley.

You have shared your expertise in a wide variety of settings through the instruction and leadership displayed as a professor of economics and international relations at Michigan State University, as director of the American Economic Association Summer Training Program at MSU, as a senior economist on the Council of Economic Advisers under President Barack Obama, and as a senior adviser at the U.S. Department of Treasury under President George W. Bush.

Your endeavors and achievements at Harvard University, serving as deputy director for Africa Research at the Center for International Development, in addition to being a faculty member of the Kennedy School of Government are admirable.

You have received a multitude of awards and accolades in recognition of your sustained excellence. Your skill has been highly sought after and you have displayed your efforts at some of the most distinguished universities and associations in the nation.

Your current work as a member of the Board of Governors of the Federal Reserve System entails important decisions and direction regarding monetary policy and the safety and continuous monitoring of the financial system and solidifies our prominence in the world of economics.

For your notable career in the economic and financial sectors and your time, expertise, advice, and dedication to Michigan State University's success, I am pleased to award you an honorary Doctor of Humanities degree from Michigan State University.

HONORARY DEGREE CITATIONS

ANTHONY FAUCI

You are a highly accomplished leader in the medical field and have devoted your life to public service. You have utilized your medical background to help various research groups, presidents and their administrations on global health issues.

Your educational achievements include graduating with a Bachelor of Arts from the College of Holy Cross and graduating as a Doctor of Medicine from Cornell University's Medical College. Your prodigious accomplishment of contributing to more than 1,400 scientific publications is an inspiration to all Spartans.

Under your 38-year long leadership as director of the National Institute of Allergy and Infectious Disease (NIAID) you dedicated yourself to preventing, diagnosing, and treating infectious disease. During your time at NIAID, you served as a key advisor to seven presidents and provided robust knowledge and action against leading infective diseases.

Your most notable work includes your vital research regarding HIV/AIDS during the epidemic, your development of the President's

Emergency Plan for AIDS Relief (PEPFAR), and your counsel for pandemics such as influenza and COVID-19. You have made countless contributions to prevent, diagnose and treat infectious diseases including the development of treatments and therapies for HIV/AIDS, tuberculosis, malaria, Ebola, and Zika.

You have shared your expertise as a member of a variety of groups including the U.S. National Academy of Sciences and the U.S. National Academy of Medicine. You are the recipient of numerous esteemed awards including the Presidential Medal of Freedom, the National Medal of Science, the Lasker Award for Public Service, and the George M. Kober Medal of the Association of American Physicians. In addition to these awards, you have been recognized with 58 honorary degrees, demonstrating your proficiency within the scientific field.

For your notable career in the public health sector, application of your scientific knowledge to the betterment of society, and your time, expertise, advice, and dedication to preventing and treating infectious disease, I am pleased to award you an honorary degree of Doctor of Humanities from Michigan State University.

HONORARY DEGREE CITATIONS

JILL HRUBY

You are a highly accomplished leader and have dedicated your life to national security service. You have utilized your extensive background in science, engineering, and national security to assist multiple national corporations and served a variety of technical advisory committees and non-profit organization boards.

Your educational achievements include earning your Bachelor's degree in Mechanical Engineering from Purdue University and your Master's degree in Mechanical Engineering from University of California at Berkeley.

Under your guidance as an administrator for the National Nuclear Security Administration (NNSA), you have developed and maintained new technologies and processes that have heightened the Nation's nuclear security, arms control, and Navy reactors.

While serving as Director of Sandia National Laboratories, you managed and assisted in the creation of innovative, science-based, systems-engineering solutions to our nation's most demanding national security challenges. You have served as the inaugural Sam Nunn Distinguished Fellow at the Nuclear Threat Initiative, a member of the Defense Science Board, and the National Academy of Science

Committee for International Security and Arms Control. Your work as a spokesperson for women in engineering and mentoring is an inspiration to all Spartans.

You are the recipient of numerous industry awards, a member of the National Academy of Engineering, and hold three patents due to your vast knowledge in science, engineering, and your notable impact on our Nation's nuclear security. In recognition of your accomplishments and contributions, you have received the Department of Energy Secretary's Exceptional Service Award, the National Nuclear Security Administrator's Distinguished Service Gold Award, and the Office of the Secretary of Defense Medal for Exceptional Public Service. Additionally, you have been awarded the Suzanne Jenniches Upward Mobility Award from the Society of Women Engineers and have been named as the second most powerful female engineer. Your numerous awards are impressive and demonstrate your knowledge and devotion to this country.

For your notable career in engineering and science, leadership in nuclear security, and dedication to development and enhancement of national security, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

BACCALAUREATE DEGREES

- 25 undergraduate programs ranked in the top 20 nationally by U.S. News & World Report, including six No. 1-ranked programs
- Times Higher Education of London today ranked MSU #83 in its 2017 World University Rankings, an 18-place improvement over 2016. This puts MSU in the top 8 percent of 1,102 universities assessed around the world.
- Places 38th among the 303 U.S. universities ranked in Washington Monthly's 2017 College Guide and Rankings
- Ranks seventh in the nation for study abroad participation

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.82 and those graduating With High Honor is 3.95 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

++Distinguished Military Graduate and Active Duty Top 20% in Nation

GRADUATE DEGREES AND GRADUATE PROFESSIONAL DEGREES

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 22 years for graduate programs in elementary and secondary education
- External funding totaled nearly \$600 million in 2014–2015. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, organizational psychology, and rehabilitation counseling
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

DOCTORAL DEGREES

Richard Shafer

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

John A. Hannah (1902–1991)

President, Michigan State University (1941–1969)
