ENVIRONMENTAL STEWARDSHIP

Mock Diplomas and the

Commencement Program Booklet

Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 10% post-consumer recycled content.

Caps and Gowns

Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

Recycle Your Cap and Gown

Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at bespartangreen.msu.edu

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross- and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

December 2022

Interim President

CONGRATULATORY LETTER

DEAR SPARTAN GRADUATES:

Congratulations on the successful completion of your studies and the conferral of your degrees. As Michigan State University students, you have been part of our vibrant community of scholars, united by the values and goals we share to make a positive difference in the world.

You have been taught by an extraordinary faculty and academic staff and supported by our tremendous MSU staff. And you have shared this journey with family and friends. As we celebrate you, we thank them for their role in this culminating moment. MSU is a community of care. In uplifting the people on your pathway, we acknowledge that which is special about an MSU degree — that it, and you, are part of a special Spartan community of learning.

While you are now preparing to embark on your next adventure, it is my hope that you remain active members of our community, that you engage with our worldwide alumni network and that you often return to visit campus. In much the same way that you are all lifelong learners, you are also lifelong Spartans.

As our newest graduates, you are abundantly equipped to tackle the seemingly intractable problems of our day. The world needs you and the skills and strength of character you have gained during your course of study. We look forward to learning about your extraordinary achievements and world-changing accomplishments in the years to come. We are counting on you to become the thought leaders and doers of the 21st century!

With my very best wishes for your onward journey,

Teresa K. Woodruff, Ph.D.
Interim President
MSU Foundation Professor
Michigan State University

December 2022

Interim Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES:

Members of the class of 2022, I am pleased to offer my congratulations as you celebrate your graduation from Michigan State University.

You have successfully completed the journey through your degree program to arrive at this capstone moment. Your accomplishments are a source of great pride for all of us who comprise the university's leadership, faculty, academic staff, and staff, whose collective mission is to support your success.

I am confident that your MSU degree will continue to be an asset that serves you well throughout your career, in whatever direction it takes you. You can be confident in your qualifications and capabilities to move from here to the next chapter of your life. Your MSU experiences will provide valuable insights for a lifetime, along with cherished memories and enduring friendships.

During your studies, you overcame a lengthy period of constraints stemming from the pandemic as we worked together to maintain the health and safety of the university community. We hope the resilience you built and the ways you navigated decisions that were not your own become strengths of character you carry with you long into the future.

While your graduation signals a departure from one stage of your connection with MSU, it also marks the beginning of another. You now join a much larger family of Spartans, and I encourage you to stay engaged with the life of the university while you move through the next exciting chapters of your life.

As you and your families celebrate your success at MSU, I wish you the very best in your personal and professional pursuits.

Sincerely,

Thomas D. Jeitschko, Ph.D.
Interim Provost and Executive Vice President
for Academic Affairs
Michigan State University

December 2022

Executive Vice President for Health Sciences

CONGRATULATORY LETTER

DEAR FRIENDS:

Congratulations health college graduates! Today represents a truly special day. In making it to today, you dug deep when you felt you had little left to give. You kept the faith in the presence of enormous obstacles. You invariably got back up after being knocked down. You worked while others played. Take a moment, and realize the magnitude of what today represents. Today, we celebrate with you and for you.

For family and friends of our graduates, thank you in partnering with us; it is an immeasurable joy seeing potential, commitment, and drive come together to accomplish the goal of attaining a degree. You have encouraged, hoped, and hugged to help our graduates reach their goal. Your efforts will make a difference in the lives of many....manifest in the work that your graduate will provide for those in need.

For the faculty and the staff, accept my deep gratitude observing that your efforts have resulted in graduating a truly extraordinary group of individuals. Our graduates are well prepared, they care deeply, they will make a difference in the lives of many.

Graduates, you have transformed your hopes and dreams into an extraordinary achievement. Your best has brought you to this day. You join the Spartan community of those prepared and committed to serving others. There will be times where the challenges seem insurmountable. Know that we are here to support you in your journey forward. As a two-time Spartan graduate, I have been strengthened throughout my career by the MSU values, insights, friends and mentors I attained. Know that we are always here. Together, everything is possible.

Peace and Grace to All of You.

Norman J. Beauchamp, MD MHS
Executive Vice President for Health Sciences
Michigan State University

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014–15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU–U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and

Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the U.S.–China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

CEREMONY LYRICS

THE STAR SPANGLED BANNER

O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*

M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.
When from these scenes we wander,

and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**

On the banks of the Red Cedar,
is a school that's known to all;
Its speciality is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925–1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

Photo above: Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

WILLIAM CLARK

You are an inspiring scholar who drives forward science and technology in support of the goals of sustainable development.

Your innovative research on how institutional arrangements affect the connection between knowledge and action in the sustainability arena has created impactful, positive changes in understanding the interactions of human and environmental systems.

Your educational achievements include earning a Bachelor of Science at Yale University and a Doctorate in Zoology from the University of British Columbia. You are an elected member of the National Academy of Sciences, a Fellow of the AAAS, a recipient of the MacArthur Prize and Humboldt Prize, and as a professor have earned Harvard's Manuel Carballo Teaching Award and its Phi Beta Kappa Prize for Excellence in Teaching.

You are the co-author of numerous influential works such as "Sustainability Science: Toward a Synthesis" and "Pursuing Sustainability: A Guide to the Science and Practice". You chaired the Heinz Center's work on the "State

of the Nation's Ecosystems" and co-chaired the US National Research Council's study "Our Common Journey: A Transition Toward Sustainability."

You are co-director of Harvard's Sustainability Science Program, where you promote the design of policies and practices that support sustainable development. Under your leadership, the Program has hosted more than 150 fellows from around the world for training, research, and network building. You have served as Principal Investigator of other efforts promoting a robust connection between knowledge and action, including projects on Knowledge Systems for Sustainable Development, Global Environmental Assessment, and Social Learning in the Management of Global Risks. Your work on these projects is inspiring to all Spartans.

For your contribution from local to global levels that continue to inspire, support, and improve the lives of countless individuals, I am pleased to award you the Honorary Doctor of Science degree from Michigan State University.

HONORARY DEGREE CITATIONS

TERRY GABRESKI

You are a highly accomplished Air Force veteran who has devoted your life to public service. You have utilized your military background to help formulate policies and guidance that have impacted worldwide Air Force operations.

Your educational achievements include a Bachelor's Degree in History from Louisiana State University and a Master of Public Administration from Golden Gate University. You attended the U.S. Army Command and General Staff College, Air War College, General Manager Program at Harvard Business School, and Program on Negotiation for Senior Executives at Harvard Law School.

As a Lieutenant General, and Commander in the Air Force for over ten years, you managed the Air Force's largest air logistics center in Oklahoma City. Additionally, you served as the Headquarters Air Force Material Command Director of Logistics, the Air Force Headquarters Deputy Chief of Staff for Installations and Logistics Director of Maintenance and US Air Forces in Europe Director of Logistics.

Not only did you serve in the United States, but also had multiple accomplishments and assignments overseas. As a Director of Logistics for Operation Allied Force, you provided direct support to 25 bases and more than 29,000 sorties and led management of a range of fighter aircrafts.

Since retirement, you have contributed to the public by consulting for several organizations including the Pratt and Whitney and Northrup Grumman Corporations. Your contributions to the Air Force such as serving on the National Museum of the United States Air Force Heritage Board and Air Force Scientific Advisory Board are admirable. Your service in the roles of Adjunct Staff member of RAND Corp and member of the Falcon Foundation Board of Trustees and Bay Defense Alliance is a testament to your expertise.

You have received a multitude of medals including the Distinguished Service medal, Defense Superior Service Medal, the Legion of Merit and Humanitarian Service Medal. Your additional awards and achievements include the Joint Service Commendation Award, USAF Aircraft Maintenance Company Grade Officer of the Year, and the Eugene M. Zuckert Management Award. Your numerous civic and military awards are impressive and demonstrate your knowledge and devotion to this country.

For your notable career in the Air Force, application of your logistics knowledge to the betterment of society, and your dedication to Michigan State University's success, I am pleased to award you the honorary degree of Doctor of Engineering from Michigan State University.

HONORARY DEGREE CITATIONS

OKHEE LEE-SALWEN

Respected scholar, education trailblazer, champion of equity and social justice: You dedicated your academic career to promote STEM and language learning with all students, especially multilingual learners. Your expertise in research, policy, and practice are widely praised internationally.

Born in South Korea after the Korean War, the seventh child of farmers, you honored your parents' conviction that education would give you opportunities. After completing your master's degree, your aspirations rose above the traditional role for women. You pursued your doctoral study at Michigan State University and worked at the Institute for Research on Teaching, which established a national agenda in teaching and teacher education.

You worked tirelessly to become a highly published and prolific researcher at the University of Miami and now at New York University. You provided leadership for writing contemporary science and language education standards, and these national education

policies framed research and practice. Your research team developed the Science And Integrated Language (SAIL) curriculum used by elementary science teachers across the country. The New York City Department of Education and the New York State Education Department adopted your research into policy and practice. Moreover, your current work integrates computational thinking with science and language to address pressing societal challenges using the case of the COVID-19 pandemic.

In recognition of your accomplishments and contributions, you were named to the National Academy of Education and received awards and recognitions from professional associations, including the American Association for the Advancement of Science, American Educational Research Association, and National Science Teaching Association.

For your relentless pursuit of STEM education research, policy and practice, and your dedication to equity and social justice, I am pleased to award you an Honorary Doctor of Humanities degree from Michigan State University.

HONORARY DEGREE CITATIONS

ELIZABETH PHILLIPS

You are a highly accomplished academic professional who has committed her life to improving mathematics education at all levels of learning.

You and your colleagues have dedicated numerous years to developing the Connected Mathematics Project (CMP), a curriculum created to help students develop in-depth mathematical understanding and reasoning skills. CMP has revolutionized middle school mathematics curriculum and touched millions of students throughout the years.

Currently, under your direction, the fourth edition of CMP materials and its new CMP STEM problem format is being field-tested, with more than 500 middle school teachers in the United States and several foreign countries. Being able to change math instruction from “show and practice” to one where students explore a connected sequence of problem-solving activities is a big step in the development of students mathematical learning.

The efforts you have made to transform mathematical teaching and learning is admirable. Spurring the work of more than 150 research articles and reports, 40 books, 50 conference proceedings, 70 dissertations and theses, and 25 evaluation studies, CMP has become an international staple in education and Michigan State University (MSU) is proud to be a part of that. Royalties from CMP have created an endowment fund that funds numerous activities in math and science education including the Lappan-Phillips-Fitzgerald Endowed Chair in Mathematics Education and several Lappan-Phillips Professorships.

With National Science Foundation (NSF) funding, CMP is currently developing a digital collaborative platform which embeds the CMP curriculum materials for students and teachers. It provides new ways for students to explore complex mathematics tasks, represent their

thinking using a variety of tools, share and access work to/from each other in real time, and curate their work across individual tasks in a customized learning log. It also includes collaborative spaces for teachers to promote effective planning, teaching, and reflection of student thinking. Achieving more than \$28 million in NSF funding over the years is an incredible accomplishment.

You have shared your expertise in a variety of settings, by writing and editing books and papers, hosting workshops, and serving on MSU and national committees. Your skills have been highly sought after; you have been a consultant for schools, conferences, and curriculums. You have also been a reviewer for education standards, research grants, and teacher preparation programs.

In recognition of you and your colleagues work, you have received a multitude of well-deserved awards, such as The International Society for Design and Development Award, MSU's Distinguished Academic Staff Award, and the University of Wisconsin-Eau Claire President's award for outstanding professional achievement. In addition to these recognitions, you were a Visiting Scholar at Cambridge University, inducted into the Michigan Women's Hall of Fame, and featured in the Michigan Women in Science, Technology, Engineering and Mathematics exhibit. These numerous awards are also a testament to your work in mathematics education.

Your 48 years of service in mathematics education research and your immense contribution to STEM education research are an inspiration to our MSU students as they prepare to embark on their own extraordinary journeys. For your service and dedication to advancing the greater Spartan community, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

HONORARY DEGREE CITATIONS

MARTA TIENDA

You are not only a highly accomplished professor, but an extraordinary sociologist focused on race and ethnic differences in various metrics of social inequality. Your distinguished research has been inspirational and significant in the field.

Your educational achievements include graduating Magna Cum Laude with a Bachelor of Arts degree in Spanish Education from Michigan State University, a Master of Arts and a Doctorate in Sociology from the University of Texas at Austin. You were elected to Phi Beta Kappa and served as a PBK visiting scholar during the 2021-2022 academic year. Additionally, you received honorary degrees from Ohio State University, Bank Street College, and Lehman College.

You have held notable administrative roles, such as Director for the Office of Population Research at Princeton University, and Chair of the Department of Sociology at the University of Chicago. As Founding Director of the Latino Studies Program at Princeton University, you provided a broad understanding of the emergence, transformation, and consolidation of the Hispanic community and its significance for the development of the United States as a nation.

You are the Maurice P. Daring '22 Professor in Demographic Studies, Professor of Sociology and Public Affairs emerita, and Research

Associate for the Office of Population Research. As Senior Scholar at the Center for Research on Child Wellbeing your work to stimulate basic research, educate faculty and students, and influence policymakers and practitioners continues in your emeritus status.

You have made countless contributions to the field, as well as community, with over 200 research papers and several books and edited books about demographic change and social inequality. You have secured a multitude of research grants over 32 years, allowing you to continue your research on social inequality.

You are past President of the Population Association of America and the current President of the American Academy of Political and Social Science, where you continue to exert impact, both within and beyond the academy. You serve on numerous boards including organizations like the Urban Institute in Washington D.C., Teachers Insurance Annuity Association, the Robin Hood Foundation, and the Holdsworth Center for Excellence in Public Education in Texas.

For your contributions from the local to national levels that continue to inspire, support, and improve the lives of countless individuals, I am pleased to award you the Honorary Doctor of Science degree from Michigan State University.

BACCALAUREATE DEGREES

- 25 undergraduate programs ranked in the top 20 nationally by U.S. News & World Report, including six No. 1-ranked programs
- Times Higher Education of London ranked MSU #93 in its 2022 World University Rankings. This puts MSU in the top 8 percent of 1,102 universities assessed around the world.
- Places 21st among the top U.S. public universities ranked in Washington Monthly's 2021 College Guide and Rankings
- Ranked 77th by U.S. News & World Report, and 31st for public universities
- Ranks seventh in the nation for study abroad participation

Photo above right: The Sower, an Art Deco bas-relief by Lee Lawrie (1922), over the Beaumont Tower entrance.

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.82 and those graduating With High Honor is 3.95 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

BOARD OF TRUSTEES AWARDS

Awards are made at fall and spring commencements to the six or more graduating seniors who achieved the highest cumulative scholarly records by the close of the preceding semester. At least three-fourths of the credits for the

degree must be earned at Michigan State University with numerical grades by the close of the preceding semester. Fall, spring, and summer graduating seniors are eligible. The President of the University acts for the Board in determining the recipients of the awards.

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

John A. Hannah (1902–1991)

President, Michigan State University (1941–1969)
