### ENVIRONMENTAL STEWARDSHIP

**Mock Diplomas and the Commencement Program Booklet**
Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 10% post-consumer recycled content.

**Caps and Gowns**
Graduating seniors’ caps and gowns and master’s degrees’ caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

**Recycle Your Cap and Gown**
Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at bespartangreen.msu.edu

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross- and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

• providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders

• conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally

• advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

The Mission Statement was approved by the Board of Trustees on April 18, 2008.
DEAR SPARTAN GRADUATES:

Class of 2023, your moment has arrived! I am thrilled to congratulate you and celebrate your degree from Michigan State University. Your academic and personal journeys reflect hard work as well as accomplishment, and your perseverance is an inspiration. On this exciting day, I hope you pause to reflect on the guidance and support you have received from MSU’s dedicated faculty and staff as well as your families and friends along the way.

You are a member of the Spartan family. Today you join the ranks of more than half a million alums who are making a difference across the state, the nation and the world. Like them, you have traveled familiar pathways and made cherished memories, surely including at our iconic Beaumont Tower. As a frequent passerby there, I often draw inspiration from the carved images above the tower entrance. There, a pastoral figure sows the seeds of future harvests while an owl signifies ascending wisdom and vision. The tower’s asymmetrical corner peaks might be seen to represent the diversity of our community as each of us reaches high, as you have done to arrive at this destination.

You will have many opportunities in the years ahead to support fellow Spartans and remain connected with MSU through activities with other alums and future students. Engaging with the society we share and guiding others who follow behind you is the Spartan way.

Today is a day to celebrate your degree and the beginning of what comes next. Stay in touch and Go Green!

My best,

Teresa K. Woodruff, Ph.D. (she/her/hers)
Interim President
MSU Foundation Professor
Michigan State University
December 2023

Interim Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES:

Members of the class of 2023, I am pleased to offer my congratulations as you celebrate your graduation from Michigan State University.

You have successfully completed the journey through your degree program to arrive at this capstone moment. Your accomplishments are a source of great pride for all of us who comprise the university’s leadership, faculty, academic staff, and staff, whose shared mission is to support your success.

The value of your MSU degree will continue to be an asset that serves you well throughout your career, in whatever direction it takes you. You can be confident in your qualifications and capabilities to move from here to the next chapter of your life. Your many and diverse MSU experiences will provide valuable insights for a lifetime, along with cherished memories and enduring friendships.

While your graduation signals a departure from one stage of your connection with MSU, it also marks the beginning of another. You now join a much larger family of Spartans, and I encourage you to stay engaged with the life of the university while you move through the next exciting chapters of your life.

As you and your families celebrate your success at MSU, I wish you the very best in your personal and professional pursuits.

Sincerely,

Thomas D. Jeitschko, Ph.D.
Interim Provost and Executive Vice President for Academic Affairs
Michigan State University
DEAR GRADUATES:

Congratulations! Today’s graduation marks a huge accomplishment. Your dedication, commitment and hard work have helped you achieve important goals. You have overcome many obstacles – both personal and professional. I hope each of you will take some time to reflect on your goals, your tenacity, and the fantastic effort that drove you to this important point.

When you look around, you will see the people who have supported you along the way. Your family, friends, classmates and faculty have shared your struggles and now share your joy. We will continue to support you and celebrate your next steps. I’d like to offer my thanks to everyone who has been part of this journey. Our Spartan health care graduates will provide much-needed hope, health and healing to so many people.

Graduates, you have studied and trained with an excellent team of faculty and staff. They have prepared you well for your professional growth and the lessons you learned here will serve you well. I know that each of you will make a difference in this world, and I thank you for that.

There will be many opportunities for you to continue to grow and I hope there will be options that challenge and reward you. Spartans everywhere are committed to serving others and I know from experience that they will enable your adventures. As a two-time MSU graduate, I have been strengthened throughout my career by the values, insights and relationships that started in this special place. MSU will always be here for you and when Spartans collaborate, anything is possible. I wish you all the very best.

Peace and grace,

Norman J. Beauchamp, MD MHS
Executive Vice President for Health Sciences
Michigan State University
Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly $600 million in 2014-15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU-U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIIB). The proposed $730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).
CEREMONY LYRICS

THE STAR SPANGLED BANNER
O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL
O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*
M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.
When from these scenes we wander,

and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**
On the banks of the Red Cedar,
is a school that's known to all;
Its speciality is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of Alma Mater were written by Bernard Traynor (MSC Athletic Department, 1925–1927). The melody is based on Donizetti’s Lucia di Lammermoor. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the MSU Shadows was finally adopted as the official Alma Mater.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).
**UNIVERSITY MACE**

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders’ Day celebration and inauguration of MSU’s twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university’s mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of “Old College Hall.” This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State’s beginnings as the first land-grant college dedicated to teaching “agriculture and the mechanic arts” with a “liberal and practical curriculum.”

The mace’s crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the “Michigan State College” limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown’s oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be “Beaumont oak,” that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928–1941) stated at the tower’s dedication, it has served as “a unifying factor” to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by “appealing to many of the better things in us” and to encourage us to “live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs.”
ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials “HC.” Candidates graduating “With Honor” or “With High Honor” wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU’s Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of $28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to “Come Home Often.” We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

LINDA APSEY

You are a highly accomplished and inspiring business professional who has dedicated your career to providing expansive strategic knowledge and leadership in the energy industry.

Your educational achievements include a Master of Business Administration and Bachelor of Science in Public Affairs Management from Michigan State University. You have shared your expertise in a wide variety of settings through your appointment to the Growing Michigan Together Council, as well as a multitude of boards including, the Detroit Economic Club, the Detroit Regional Chamber of Commerce, Business Leaders for Michigan and the Nature Conservancy of Michigan. Your endeavors and achievements at Michigan State University on the Eli Broad College of Business Alumni Board of Directors, in addition to your past service as the President of the Novi Parks Foundation and chair of The Heat and Warmth Fund, are admirable.

You have been sought out and recognized for your business and industry acumen, elevating energy policy matters at the national level before the U.S. Congress. You have advised and served at some of the most distinguished corporations and committees in the nation including Fortis Alberta and The Henry Ford. Your current work as President and Chief Executive Officer of ITC Holdings Corp. entails important decisions and direction regarding the vision and affairs of the nation’s largest independent electricity transmission company and solidifies your prominence in the world of energy. Under your guidance, ITC Holdings Corp. has advocated for energy policy at all levels and promoted diversity and inclusion within the company.

For your notable career in the elevated business and strategic sectors, and your time, expertise, advice and dedication to Michigan State University’s success, I am pleased to award you an honorary Doctor of Business degree from Michigan State University.
HONORARY DEGREE CITATIONS

JOHN G. HILDEBRAND

You are a highly accomplished leader in the fields of Neurobiology and Chemical Ecology. You have devoted much effort throughout your career to service for academic and research institutions, professional societies, and academies, and currently — since 2014 — as the elected International Secretary of the National Academy of Sciences.

You earned a Bachelor of Arts degree Magna Cum Laude from Harvard University and a Doctor of Philosophy degree in Biochemistry from The Rockefeller University. Your accomplishments and contributions to science communities and organizations have spanned sixty years and include numerous research publications and honorific lectureships. Your work as an educator and mentor to many undergraduate and graduate students and postdoctoral research associates is an inspiration to all Spartans.

Your most important work includes your vital research on the chemosensory basis of insect behavior and your leadership in the International Societies of Chemical Ecology and Neuroethology, the Association for Chemoreception Sciences, the Society for Neuroscience, and the National Academy of Sciences.

In recognition of your accomplishments, you are the recipient of numerous esteemed awards, including the Humboldt Research Award, the Max Planck Research Award, the Wigglesworth Memorial Award, and the Silver Medal from the International Society of Chemical Ecology. Your election to membership in the National Academy of Sciences, American Academy of Arts and Sciences, and American Philosophical Society, as well as The World Academy of Sciences and Academies of Brazil, Germany and Norway, is a testament to the impact and international scope of your work in science.

For your noteworthy career in science, application of your scientific knowledge to the betterment of society, and expertise, advice, and dedication to building defensive strategies against crop pests and vectors of human diseases, I am pleased to award you an honorary degree of Doctor of Science from Michigan State University.
HONORARY DEGREE CITATIONS

DAVID MACMILLAN

You are a highly accomplished leader in the world of science and academia, having devoted your life to impactful research and educating the next generation of scientific minds. You have utilized your expertise by advising pharmaceutical and research companies such as Pfizer, Biogen, Merck, Johnson & Johnson, and AbbVie Research Laboratories. Your remarkable services to the distinguished chemistry departments of both Caltech and Princeton are admirable.

Your educational accomplishments include a Ph.D. in Organic Chemistry from the University of California Irvine and a Bachelor of Science Degree in Chemistry from the University of Glasgow in Scotland. You began your career as an Assistant Professor of Chemistry at the University of California, Berkeley, and continued as a Full Professor of Chemistry at Caltech. Your endeavors and accomplishments at Princeton include becoming an A. Barton Hepburn Professor of Chemistry, Chemistry Department Chair, and a James S. McDonnell Distinguished University Professor of Chemistry.

You notably helped launch and direct the Princeton Catalysis Initiative, which performs collaborative research with pharmaceuticals in labs like the Merck Center for Catalysis which have developed innovative technologies and continues to address difficulties in molecule construction for drug discovery.

The impacts your career and contributions are countless, as your studies in organocatalysis and photoredox catalysis have been cited over 52,000 times, have an H-index of 110 and you have contributed to over 300 scientific publications. Your lab has graduated 63 Ph.Ds. in chemistry and employed over 200 postdoctoral staff.

In recognition of your scientific contributions, you have received numerous prestigious awards including the 2021 Nobel Prize in Chemistry for your work in the development of asymmetric organocatalysis, the Chirality Medal Award, the ACS Kosolapoff Award, the Harrison Howe ACS Award in Chemistry, the Schering Foundation Prize (Berlin) for Outstanding Research in Medicine, and the Corday-Morgan Medal from the Royal Society of Chemistry. For your vast knowledge in Chemistry and notable impact on the field, you also have been knighted by Queen Elizabeth II in 2022 and King Charles in 2023. Your numerous awards and honors are impressive and are an inspiration to all Spartans.

For your inspirational career, groundbreaking scientific advancement, and dedication to higher education, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.
BACCALAUREATE DEGREES

- MSU has 35 undergraduate and graduate programs ranked in the top 25 nationally by U.S. News & World Report, including six No. 1-ranked programs.
- Times Higher Education of London ranked MSU #106 in its 2023 World University Rankings.
- Places 21st among the top U.S. public universities ranked in Washington Monthly’s 2021 College Guide and Rankings
- Ranked 60th overall and 28th for public universities by U.S. News & World Report.
- Ranks seventh in the nation for study abroad participation

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.81 and those graduating With High Honor is 3.95 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

BOARD OF TRUSTEES AWARDS

Awards are made at fall and spring commencements to the six or more graduating seniors who achieved the highest cumulative scholarly records by the close of the preceding semester. At least three-fourths of the credits for the degree must be earned at Michigan State University with numerical grades by the close of the preceding semester. Fall, spring, and summer graduating seniors are eligible. The President of the University acts for the Board in determining the recipients of the awards.

American Legal System
- Claudio Valerio

Global Food Law
- Fabrizio De Angelis
“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

President, Michigan State University (1941–1969)
